Front field, blue sky and glorious sunshine last Thursday...

Dear Parents/Carers,

I hope all families are safe and doing well at home. All of the teachers are thinking about the children in their classes and hoping they are getting on ok. As I am in school, I thought I would take some photos of the school site and share them.

I hope you have found the 'Activity Menus' helpful. There are lots of ideas for other activities online, with videos, for example, 'PE with Joe' each day at 9am. One of the things the teachers are currently working on are further ideas and plans for Home Learning. These will be available after the Easter Holidays.

Please don't worry about home learning. It will be impossible to recreate learning at school with learning at home. Whatever you do will be helpful. The one thing that will really benefit your child is reading. Read anything and everything, from instructions on a recipe to books, magazines and online. Avoid home learning becoming the focus of disagreements. When we return to school, the teachers will be able to start from where the children are and then move forward. The main focus is the well-being of your child. I am sure many of you are using this time to do things together as a family such as baking, gardening and other projects as well as the activities suggested.

Take care, stay safe and look after each other, Ms Owens Headteacher

Chalk monsters and rainbows...

I found these chalk monsters, rainbows and hearts on the playground...
