

Corna Class Distance Learning Week 4 (1.2.21)

English	Maths	Other
<p>Speaking and Listening I can recount stories with some added detail to engage the listener.</p> <p>Using your greatest acting skills, pretend to be Little Mouse. Practise reading your recount from last week's writing activity as if you are the mouse. Think about facial expression, body posture and how you could use your voice! You might like to design and make a costume/prop for your performance.</p>	<p>Multiplication and division Triangle Group - I can divide by 4. Lesson 5 - Divide by 4 Practise dividing by 4 using this free space race game! Rectangle Group - I can multiply by 1 and 0. Lesson 5 - Multiply by 1 and 0 Create your own game to practise multiplying numbers by 1 and 0.</p>	<p>Science I can describe the particles in solid, liquids and gas. Oak National Academy - Science Lesson 2 Complete the lesson above and then use your acting skills to recreate the movement of particles in solids, liquids and gases.</p>
<p>Reading I can identify how language, structure, presentation contribute to meaning. Little Mouse's Big Book of Fears. This book includes many large words linked to fears. Can you spot any? Make a list and find out what they mean. E.g. Entomophobia = Fear of insects. Choose one fear from the book and create an exciting and interactive scrapbook page about that fear. You could include, drawings, flaps, pop-ups and different fonts!</p>	<p>Multiplication and division Triangle Group - I can multiply by 4. Lesson 1 - 4 times-table 4 Times Table Super Movers! Complete the daily 10 maths quiz. Rectangle Group - I can divide by 1 and itself. Lesson 1 - Divide by 1 and itself Complete the daily 10 maths quiz.</p>	<p>Physical I can use speed, power and stamina to complete a challenge. The Need for Speed! Theme 2 has five daily challenges for you to try this week that incorporate being speedy! From tidying your room using only your feet to practising your ninja moves!</p>
<p>Writing I can invent a recount. Choose a new animal character to replace 'Little Mouse' e.g. Tiny Toad. Write a list of fears that your new animal might face. Choose one fear and write a recount about what happened to your animal to cause this fear. Book title example: Tiny Toad's Tremendous Tale of Terrors!</p>	<p>Multiplication and division Triangle Group - I can multiply by 8. Lesson 2 - Multiply by 8 Multiply by 8 questions. Rectangle Group - I can multiply by 6. 6 Times Table Super Movers Create your own Waldorf multiplication flower to practise your multiples of 6.</p>	<p>History I can present my work in lots of different ways. National Geographic - Egyptian Gods! The Egyptians worshipped over 2000 gods! Research Egyptian Gods and create your very own Top Trumps card games for some of the gods that you have found. You could rate them for their powers, style, strength, importance, etc.</p>
<p>Word, sentence, grammar I can use adverbials What is an adverb/adverbial? Little Mouse has a list of fears e.g. creepy crawlies, loud noises, birds. Give him some advice to help him face his fears. Write sentences that give him ideas for <u>actions</u> to take. For each action you will include an <u>adverbial</u> to make the tip clear. WAGOLL – Fear = The dark. Tip = <u>Squeeze</u> your teddy <u>tightly</u>. <u>Carry</u> a bright torch <u>like an explorer</u>.</p>	<p>Multiplication and division Triangle Group - I can divide by 8. Lesson 3 - Divide by 8 Practise dividing numbers by 8 by creating your own game. Rectangle Group - I can divide by 6. Lesson 4 - Multiply and divide by 6 Dividing by 6 Activity</p>	<p>Creative I can compete ideas from different times and cultures. Hieroglyphics Facts! The Egyptians would write with hieroglyphics, which were special symbols that stand for the letters of the alphabet. Write your name and a secret message in hieroglyphics. Free hieroglyphics download! To make it look ancient you might like to paint a piece of paper with a wet tea-bag and then once it is dry, write your name.</p>

Spelling

Year 3 - I can change the tense of irregular verbs.
[Irregular Verbs](#). Change these irregular verbs spellings to past tense and practise using the [spelling menu](#): go, are, ring, is, write, sell, drink, meet, send, speak.

Year 4 - I can identify homophones.

[Homophones Song!](#)

Find the matching homophones for these words.
Illustrate them with a picture:
great, wait, witch, weather, source, might, meet, pair, ate.

Multiplication and division

Triangle Group - I can multiply by 8.
[Lesson 4 - 8 times-table](#)
[8 Times Table Super Movers](#) Write your own 8 times table song, include actions and music!

Rectangle Group - I can multiply by 6.
Create a [house of 6's](#) to help you practise your multiples of 6.

6R

Resilience: I like to hear what people say about the things I have done.
Be the teacher!
It's your turn to take a risk and have a go at being a teacher. Pretend to be the teacher with your toys/teddies and teach them something that you have been learning at school. Plan an activity for your teddy bear/toy class linked to something that you have learnt this week.
