

Communication, Language and Literacy:

Reading – Develop positive attitudes to reading and comprehension and retell stories orally.

Writing – Write a range of genres including non-fiction - and using appropriate structures and genre-specific layout devices, e.g. headings and paragraphs.

Speaking and Listening – Participate in drama, improvisations and role play activity, showing an understanding of a character by choice of vocabulary to indicate feelings and emotions.

Handwriting – Use continuous cursive formation and the appropriate diagonal / horizontal lines needed to join letters.

Mathematics:

Measurement

- Be able to measure length accurately.
- Solve problems involving perimeter and area.

Fractions and decimals

- Be able to order fractions and decimals.
- Make a whole number and round to a whole number.

Time

- Read the 24 hour clock and reading am and pm.
- Telling the time to the nearest minute.

Theme:

- Recognise why people in the past did things, why things happened and the consequences of that.
- Divide the past into different periods and represent this on a timeline.
- Use a variety of mediums to present what I know about the past.

Science:

- Describe the differences in characteristics of materials.
- I can describe how water can be changed into ice and steam and how these can be reversed.
- I can plan a fair test.
- I can ask questions and use scientific evidence to answer them.

6R: Relationships

Jigsaw: Relationships

- Working with others, taking turns to share ideas and resources.
- Respecting other people's opinions and ideas.
- Caring about others and how they feel.

How you can help at home:

- Children should check that they have suitable clothing for PE and swimming kit when required.
- Share books and read with your child at home on a daily basis. Please encourage your child to predict what might happen, to think about how characters feel and why they might do things.
- Children should research the topics studied at school to enhance learning and record this in their learning log.

Physical Education:

- MSR will focus on team games once a week.
- Understand the importance of warming up and cooling down.
- Take part in outdoor challenges and problem solving activities.
- Try out strategies and tactics in team games.
