

Year 5 Home Learning. Week Beginning 13.07.20

English	Maths	Other
<p>Speaking and Listening I can listen confidently in different contexts, exploring and communicating ideas. Listen to this adventure story carefully. Tell a family member what happens in the story and include relevant comments about the characters, setting and plot.</p>	<p>Addition and subtraction I can add and subtract whole and decimal numbers with more than 4 digits using formal written methods. Review your previous learning on addition and subtraction methods. There are 3 videos here to watch and then complete activities 1, 2 and 3.</p>	<p>Science I can describe some methods that are used to separate simple mixtures. Watch this clip to find out about separating mixtures. Develop your knowledge further here and complete the activities and quiz.</p>
<p>Reading I can express what I like and dislike about a text and can identify the main purpose of a text. Use your reading record to fill in a review of The Rise of the Phoenix story. Remember to say what you liked or disliked about the story. Think about the quest, the danger and what was out of the ordinary.</p>	<p>Addition and subtraction I can add and subtract to solve problems. Follow this link and choose some games to play. Record your learning on paper or in your book.</p>	<p>Physical I can develop ideas for outdoor challenges. Draw a hopscotch on the pavement or in your back garden. Hopscotch until you need to stop. Bronze 30 seconds, Silver 45 seconds, Gold 2 minutes. Aim to improve your level.</p>
<p>Writing I can show an attitude towards a character in my writing. Reread The Rise of the Phoenix story. The writer shows that Wizard is empathetic towards Phoenix when he is unable to fly. Find the evidence in the story which show the writer's attitude towards the characters. Challenge yourself to write a positive character description of the 'monster'.</p>	<p>Addition and subtraction I can add and subtract whole and decimal numbers with more than 4 digits using formal written methods. This week you will review your learning on addition and subtraction. Work through the examples on this clip. Now make up some of your own problems that can be solved using formal written methods.</p>	<p>Music I can play untuned instruments with control and rhythm. STOMP performance STOMP is a percussion group that uses the body and ordinary objects to create a physical theatre performance. Be inspired by this group and create your own performance using items around your house e.g. pots, pans or a brush etc.</p>
<p>Word, sentence, grammar I can use a range of basic subordinating connectives to form complex sentences. Watch these clips on subordinating conjunctions and settings. Choose some of the activities to complete.</p>	<p>Addition and subtraction I can add numbers with the same number of decimal places. Work through the examples on this clip to practise adding numbers with the same number of decimal places.</p>	<p>Creative I can take ideas from images and drawings using observation and imagination. Using this link draw the coolest phoenix ever! Use your observation skills.</p>
<p>Spelling I can explore and spell words with prefixes. (Words with – non and – anti) Non-stick, non-stop, non-fiction, nonsense, Antibiotic, antiseptic, anti-clockwise, antidote, antifreeze, antibacterial, antisocial. Play some games on spelling frame (code 40048)</p>	<p>Addition and subtraction I can add and subtract whole and decimal numbers with different decimal places. Work through the examples on this clip. Make sure you pause the video to answer the questions. Now practise your understanding by completing this worksheet.</p>	<p>Social skills Play a game of charades with your family. You can choose a book, film, play or song to act out.</p>
