

Year 3 Home Learning. Week Beginning 25.5.20

English	Maths	Other
<p>Speaking and Listening I can plan my speech.</p> <p>Plan a short speech and record yourself on video about global warming and how we can save the environment.</p>	<p>Fractions I can add fractions.</p> <p>Home Learning - Year 3 (Summer Wk 2/lesson 1) Watch the video and complete the activity sheet.</p>	<p>Science I can describe living and non-living things.</p> <p>Characteristics of living things - KS2 Science Carry out a scavenger hunt in your house to find an item starting with each letter of the alphabet. E.g. C = chair. Decide if your item is alive, was once alive or has never been alive. E.g. The wooden parts of my chair were once alive, the plastic was never alive.</p>
<p>Reading I can use links from the text in my predictions.</p> <p>Re-read the fiction sheet from Home Learning Year 3. Write your own ending to the story, using your predictions and make links back to the text.</p>	<p>Fractions I can add fractions.</p> <p>A4 Fraction Addition Follow the steps using paper and scissors.</p>	<p>Physical I can identify what makes a performance effective.</p> <p>Try Joe Wick's PE lessons. What make them effective workouts? If you are already completing these lessons, can you design some PE lessons of your own?</p>
<p>Writing I can organise my writing with a beginning, middle and simple ending.</p> <p>Watch How to Write a Story for kids Write a story. The story can be about anything you wish, but it must have a beginning, a middle and an ending. You could use the character you have created and include features to improve your writing.</p>	<p>Fractions I can subtract fractions.</p> <p>Home Learning - Year 3 (Summer Wk 2/lesson 2) Watch the video and complete the activity sheet.</p>	<p>Geography I can analyse and synthesise my learning.</p> <p>Finlay Pringle is an ordinary boy, a shark ambassador, takes part in peaceful protests and speaks out about climate change to politicians. Do you agree with his tips for saving the environment? Can you think of more? Draw around your hand. In the palm write a promise of what you will do to look after our planet, based on what you've learned this half term.</p>
<p>Word, sentence, grammar I can write a variety of sentence types.</p> <p>Look for 3_ed sentences on the sentence types posters. Write a few sentences using this sentence type. To help you, use a thesaurus to find a variety of describing words. If you don't have one at home, here is a link to an online thesaurus.</p>	<p>Fractions I can add and subtract fractions.</p> <p>Mad Maths Minutes- Fractions Complete the activity sheet to practise adding and subtracting fractions with the same denominator.</p>	<p>Creative I can investigate the possibilities of a range of materials and processes.</p> <p>Make a rainbow! Complete your own rainbow art project. You might make a rainbow using mosaic, or make rainbow coloured slime, or you could build a 3D rainbow using tissue paper or cotton wool. Be imaginative and have fun!</p>
<p>Spelling I can spell words ending in -ly</p> <p>Use Spelling Frame to practise words ending in -ly. Have a go at the practise activity, the test and spelling tiles using the button on screen.</p>	<p>Fractions I can share my knowledge about fractions.</p> <p>Create a poster to share your new knowledge of fractions. Make it as colourful, creative and imaginative as you like.</p>	<p>Family Language! It's good to talk! Can you design your own family language? It could be based on new words, signs, facial expressions and body movements or even pictures.</p>
