

## Year 2 Home Learning Week Beginning 20.4.20

English	Maths	Other
<p><b>Speaking and Listening</b> Share a story and discuss the characters, their feelings and actions. Explain your opinions and back them up by finding evidence in the story (linked to reading activity below). Read and discuss the blurb. How does it influence you as the reader, what does it make you think or feel? Does it make you want to read the book and why?</p>	<p><b>Place value</b> Review the writing of numbers to 100 in both digits and words. Represent 2 digit numbers in pictures and practise partitioning them into tens and ones.</p>	<p><b>Science</b> Theme - 'Animals' Talk about animals and how they are similar/different. Use your own experiences, books, the Internet. You could have a minibeast hunt. Make a poster or book to show how animals can be sorted and grouped. E.g. How they move, where they live, number of legs, etc. Or design and create an animal fact file (Include where in the world, habitat, food, features.)</p>
<p><b>Reading</b> If possible, read some stories by the same author. If not possible, read a book by a favourite author. Discuss the characters, their feelings and actions (see above). Can you understand these and empathise, talk about what they might do / should do next / what you would do? Explain your ideas and the reasons for them as clearly as you can.</p>	<p><b>Addition and subtraction</b> <a href="https://wrm-13b48.kxcdn.com/wp-content/uploads/2019/SoLs/Primary/Autumn2019-20/Year-2-Autumn-Block-2-Number-Addition-and-Subtraction.pdf">https://wrm-13b48.kxcdn.com/wp-content/uploads/2019/SoLs/Primary/Autumn2019-20/Year-2-Autumn-Block-2-Number-Addition-and-Subtraction.pdf</a> look at strategies and practise examples from page 21 - 24 (add / subtract 2 digit and 1 digit numbers)</p>	<p><b>Physical</b> See Joe Wicks' physical exercise activities <a href="http://www.twinkl.co.uk">www.twinkl.co.uk</a> or on You Tube</p>
<p><b>Writing</b> Read a story, then write your own blurb for it. What would you want to tell the reader? What clues would you give the reader about the story? How would you describe the story or characters? Think about how you would persuade others to read it?</p>	<p><b>Addition and subtraction</b> Use the link above to look at strategies and practise examples from page 25 - 32 add / subtract 2 digit numbers)</p>	<p><b>ICT</b> Research an animal to make a poster or fact file. (see above) Use other recommended websites to support your home learning.</p>
<p><b>Word, sentence, grammar</b> Look for adjectives in stories you read. Why do you think the author chose to use these adjectives? What do they make the reader feel or think about characters or events? Try and suggest other adjectives they could have used.</p>	<p><b>Multiplication and division</b> <a href="https://whiterosemaths.com/resources/schemes-of-learning/primary-sols/">https://whiterosemaths.com/resources/schemes-of-learning/primary-sols/</a> Click on home learning. From 'Additional downloads' choose Year 2 Spring Reasoning and Problem Solving questions. Choose from division section</p>	<p><b>Creative</b> Plan and design an animal poster. Make drawings of animals using the Internet or non-fiction books to help you. eg. wild animals / sea life / rainforest animals / Manx wildlife / garden birds etc</p>

### Spelling.

Use [www.phonicsplay.co.uk](http://www.phonicsplay.co.uk) to find your phonics phase and practise letters and sounds.  
Keep practising spellings of high frequency words (word wall lists have been sent home and are on the school website)

### Fractions

Recognise / find a half / a quarter.  
<https://whiterosemaths.com/homelearning/year-2/>  
Choose week 1.  
<https://www.twinkl.co.uk/resources>  
Choose 'Maths' then 'Fractions' for a choice of activities.
